The Northwest Arkansas Genealogical Society, whose goal is to gather, preserve, and perpetuate records of our pioneer ancestors, presents our fourth volume of Benton County Cemetery records. This volume includes cemeteries from all sections of the county. It also has the "BEAVER LAKES" cemeteries - those that were relocated because the original sites would be inundated by water in Beaver Lake. We hope to record every cemetery in Benton County.

The N. A. G. S. takes no responsibility for the authenticity of the following pages. We strived for accuracy, but some of the stones are very difficult to read; and there is always a chance for errors, both in copying and in transcribing. We would appreciate any corrections.

Anyone having knowledge of burials where there are no stones may contact a member of the committee and the information can be placed in future volumes. We would also appreciate information regarding small or family cemeteries that we may not have on record.

Our cover is a map of Benton County locating major roads and cities, and indicating the sites of the cemeteries in each volume. Geographical locations are given at the beginning of each cemetery list, and the name or names of those who copied that cemetery.

To all those great volunteers who make these volumes possible - our THANKS!

THE LIVING

You will praise him when he's gone;
When his earthly struggle closes
You may send the florist's roses
His dark bier to lie upon;
When he cannot hear or see
You will very friendly be,
But 'twere better far, he'd vow,
If he had your friendship now.

You will speak about his worth;
When he has no need of fame,
You will glorify his name
When at last he quits the earth;
And if he should die today,
Many kindly things you'd say,
But I wonder why do men
Always seem to wait till then?

When the frost is on his cheek
And his hands lie still and cold,
All his good deeds will be told,
Those who're silent now will speak;
When at last his journey ends
He will pass through lines of friends.
But today he musn't know
That his neighbors love him so.

Draw up, friends, on either side
For the man who lives today!
Smile at him and smooth his way,
Let the line be long and wide,
As your praise of him be said
As you would if he were dead,
Make his living march as fine
As shall be his funeral line.

BEAVER LAKE CEMETERIES

The U.S. Army Engineer District, Little Rock, Arkansas was in charge of the relocation of cemeteries from their original locations to prevent inundation by water impounded by Beaver Dam. Personnel of the Little Rock District, in anticipation of the historical interest these relocations might develop, placed copies of the official records of all seven relocations in care of the County Clerk of Benton County at the courthouse in Bentonville, Arkansas. We wish to thank the Corps of Engineers, the County Clerk, and the Trustees of the relocated cemeteries for their cooperation, as well as the volunteers who copied the inscriptions from the stones.

A list showing the old cemeteries and the site of the relocations follows. The names of the deceased who had private removals is included. We were unable to find the burial places of all of these, but some were in Ruddick, Rambo, and Benton County Memorial Park. Many graves were unknown, but were moved and are marked "UNKNOWN" by flat markers in the relocated cemeteries. Others, whose names were known, but not the dates, are also marked with flat stones. A map made by the Corps of Engineers shows the area of the cemeteries and written in are other relocations. These graves were moved in 1961 - 1963.
